KOHLER

Living on the Leading Edge of Design and Technology

From products perfectly combining design and technology
to overall kitchen and bathroom solutions,
KOHLER contributes to a higher level of gracious living for every customer

A singular level of exceptional quality. It's the guiding principle that Kohler Co. has been founded upon. Because of this commitment, we are constantly making breakthroughs, from single sanitary products to overall kitchen and bathroom solutions. KOHLER continuously enriches its product line, integrating outstanding design, innovative technology and creative artistic inspiration.

KOHLER has long been one of the most recognized brands around the world. In 2016, Fortune Magazine named Kohler one of the "25 Most Important Private Companies," citing KOHLER's "highly influential" impact on kitchen and bath design. Kohler brings to Asia Pacific not only fashionable and artistic bath products, but also the experience of gracious living.

Fully-skirted apron
Seamless fully-skirted apron design leaves nowhere to hide for germs and bacteria while ensuring a premium look.

Class Five+
Extraordinary flushing and bulk removal performance to prevent clogging.

UV sanitization
The water spray wand is automatically sanitized with UV light, removing 99% of bacteria, ensuring long-lasting hygiene.

INTEGRATED TOILET

Introducing the new integration of powerful Class Five toilets and smart C³ bidet seat. A premium bathroom experience is now readily available and affordable.

-  Concealed wiring and plumbing connections and perfect matching for a clean, integrated look.
-  Class Five strong flushing for complete hygiene
-  C³ Smart Seat for greater hygiene and comfort

REVOLUTION 360

IMPROVED HYGIENE

The 360-degree swirl water flush reaches the entire inner bowl for optimized cleaning performance and hygiene.

CONTINUOUSCLEAN

Automatically dispenses a cleaning solution in the toilet bowl for improved long-lasting hygiene with each flush.

MORE POWERFUL

The high-speed water flow generated by the larger flush valve along with the additional water jet ensure extraordinary flushing and bulk removal performance to effectively prevent clogging.

WATER SAVING

Eco water consumption flushing (3/4.8L) satisfies LEED and Green Building certification standards.

KOHLER®

TOUCHLESS TOILET

IMPROVED HYGIENE, **BETTER PROTECTION**

Touchless

Sensor-activated touchless flush technology leaves behind fewer germs on the hands.

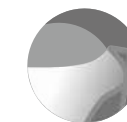

CleanCoat*

Ensures liquids bead up rather than stain the surface, preventing the growth of stains and water spots.

Beveled rim*

Allows excess liquid to fall back into the toilet bowl, ensuring peace of mind and greater hygiene.

Rimless bowl

Rimless flush provides extraordinary flushing performance and enables each flush to reach the entire inner bowl, ensuring no place for germs and dirt to hide.

Quick Release™

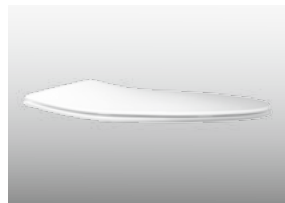

Quick-Release hinges enable easy removal of the toilet seat, facilitating fast and thorough cleaning.

Battery-powered sensor

The sensor is powered by battery for enhanced convenience and safety.

*Exclusive to ModernLife™ two-piece touchless toilets, e.g. 78799K-TF-0.

Minimalist Chic
Extra thin, contemporary silhouette

Quiet-Close Mechanism
Ensures quietness and safety

In-Wall Tank and Faceplate

Water Filter

Recyclable filter can filter out impurities to prevent in-wall tank from clogging

Dacromet Finish

Dacromet finish on hardware provides better protection against rust and decay

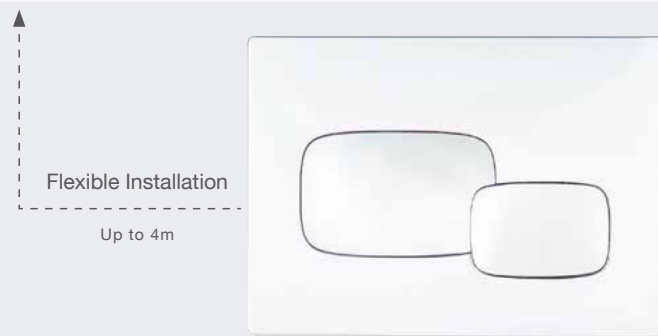

Injection Molding

Injection Molding minimizes the tolerance down to within 0.1mm and effectively increases durability and prevents cracking

Flexible Installation

Installation position is quite flexible and wire length can be up to 4m. (standard 1m)

Various Vibrant Finishes

A selection of PVD finishes can enhance a variety of bathroom décors

Pneumatic Button

Smooth and comfortable hand feel

Multiple Size Options

Available in 88mm ultra thin model and 800mm ultra low model to better fit in different spaces

WATERFOIL™

PRE-WASH

MODERNLIFE Bathroom Cabinet 35" K-77138T-M-S01

MODERNLIFE™

Kohler's ModernLife suite delivers maximum hygiene with minimum effort. The drawers feature convenient storage modules to better organize grooming and personal care items. Each drawer's inner compartments are removable and made of a dust-resistant coating, allowing easier cleaning and maintenance as well as improved hygiene. The lavatory's ceramic surface has an innovative CleanCoat™ to ensure liquids bead up rather than strain the surface, preventing stains and water spots for unparalleled, long-lasting hygiene.

BATHS & SHOWERS

The way bathing was meant to be.

Bathtubs have special meaning to KOHLER. In fact, KOHLER stepped into the bathroom sanitary business exactly because of the founder's inspiration to remodel a horse trough/hog scalding into the first cast-iron bathtub. From that day in 1883 till today, KOHLER has continuously developed bathtubs and other breakthrough bath and kitchen innovations to become the leader in the sanitary industry and to make your life more relaxed and gracious.

BATHROOM FAUCETS

Why does a KOHLER faucet make your space so special?

The infinite creativity of KOHLER designers results in diverse faucets styles — whether trendy, classic, contemporary or minimalist — each style boasting its own distinctive personality and dignity. We can admire their lustrous colors and Vibrant® PVD finish while enjoying the smooth, comfortable operation of European-made ceramic valves — features that make every KOHLER faucet a timeless creation.

SHOWER PRODUCTS

KOHLER defines 'showering experience'.

What makes for a great shower — is it water temperature, water flow or the feel of water on your skin? A truly comfortable bathing experience comes from thoughtful considerations of all these aspects. KOHLER's thermostatic valve ensures a comfortable water temperature for your shower, constantly maintained at your preferred setting. Our revolutionary Katalyst Air technology infuses each drop of water with air, guaranteeing plump, soft water drops that feel like natural rain and dew on your skin. As for the water flow, you can choose from a variety of modes to customize your shower water flow just the way you like it!

Inspired by carefully considered shower upgrades, the Modulo valve system is a platform that makes it simple to install a variety of valve configurations into a range of wall types and showering options, to give you the ultimate in personalized showering. Choose the valve that will create the showering experience you want — from a basic shower to a home spa experience — combine it with a stylish trim option and then install it in an arrangement perfectly suited to your needs. By starting with the Modulo valve system, you open up a world of KOHLER showering possibilities.

SENSOR FAUCETS

Add more brilliance to commercial space.

Whether it's design, color or performance, KOHLER always offers discerning choices for restrooms in commercial space. Multiple flushing options combine with unique automatic sensors to provide a convenient, hygienic system for commercial restrooms. Want to make your commercial restroom space look more artistic or trendy? Start by choosing a KOHLER sensor faucet!

AVID™ DUO Sensor Faucet - AC K-29937T-CP

Cutting-edge technology

KOHLER'S cutting-edge technology with two-in-one design (water flow & soap dispenser) provides a completely touchless hand-washing experience.

LED lights indicate action

Intelligent soap-dispensing mode makes for clear and convenient user experience.

Lasting coating

Passes Kohler's strict Level 4 salt spray test of 96 hours, four times the industry average!

SINK & FAUCET

With incredible quality, thoughtful design and a range of materials and gorgeous colors, you can't go wrong with a KOHLER® sink. Function and style converge to form KOHLER® kitchen faucets as stunning as they are efficient. We offer a number of configuration, spray and technology options so the faucet you choose will be precisely on task for your needs and space.

Faucet Functions

Helping you work faster and easier in the kitchen, our faucets include innovative features. Choose the functions that complement how you prep, cook and clean in the kitchen.

The KOHLER® Advantage

Innovative designs and technologies – that’s the KOHLER advantage. Magnetic docking, sprayfaces that withstand mineral buildup and effortless hose control provide functional versatility.

DockNetik®

DockNetik is a magnetic docking system located within the spout that securely locks the pull-down sprayhead into place.

ProMotion®

ProMotion technology combines a braided hose with a swiveling ball joint that won't kink or tangle for effortless sprayhead control.

MasterClean™

The MasterClean sprayface withstands mineral buildup and wipes clean with a wet cloth.

Sprays

Kohler offers one of the largest selections of faucet sprays, each designed with thoughtful technology to stay on task for years. Sprays help streamline kitchen tasks, quickly fill large pots with water, gently clean delicate fruits and sweep dirty dishes clean.

BerrySoft®

Delicate fruits deserve a gentle touch. BerrySoft spray is light enough to gently rinse produce.

Sweep®

Sweep your sink and dishes clean with Sweep spray's wide, powerful blade of water.

Boost

With the touch of a button, Boost technology will increase your faucet's water flow by 30 percent.

SwitchGrip™

The sprayhead on the Graze® semi-professional faucet rotates in 90-degree increments, which allows you to set the spray button exactly where you prefer it – to the left, right, front or back.

Ring

Great for everyday cleaning tasks, ring spray offers a precise and powerful flow of water.

Stream

This option provides a full, aerated stream of water that's great for quickly filling large pots.

1247657-NA: 50mm Anti-Bacteria Trapway with visible overflow

REFINED WHOLE-HOUSE WATER FILTRATION SOLUTION

The quality of life is not limited by space. The KOHLER water filtration solution purifies water with outstanding power in a small footprint and stunning style. It provides solutions for small units with consideration of space.

KOHLER WHOLE HOUSE FILTRATION

GEOG™ Auto Prefilter

Automatic Mode Cleaning

Customized settings for filtration and automatic self-cleaning

Dual-Waterway

Dual-waterway swirling design rinses the inner and outer surfaces of the filter

High-precision Stainless Steel Mesh

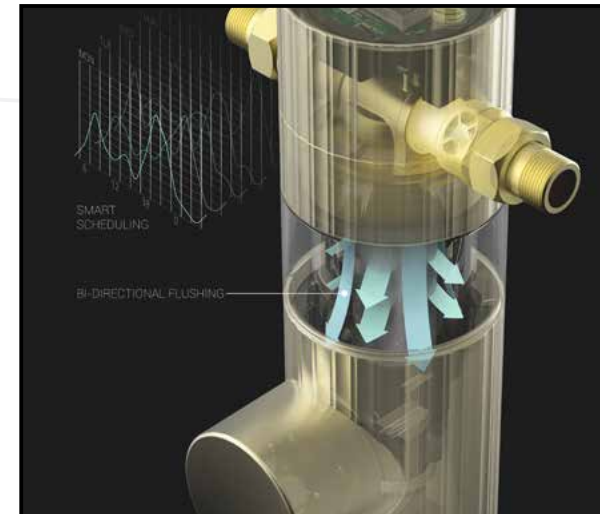

50µm high-precision stainless steel wire mesh can effectively reduce sand, rust, colloidal matter and green moss in pipeline water

Premium Brass

Brass material exceeds AB1953 (US) and GB18145-2014 (CN) standards

Digital Control Panel

Premium gold color and glass panel, with digital display

360° rotary scraping, and cleaning function

Customized settings for filtration and automatic self-cleaning

GEOG Auto Prefilter

Product Code	K-21727T-PF040-Q73
Product Size (mm)	161(D) x 210(W) x 337(H)
N.W(kg)	3.5
Nominal Diameter (DN)	25
Connector size	G3/4"
Filtration Accuracy	50µm
Range of Application	Public water
Working pressue	0.1MPa-0.4MPa
Working Temperature	5°C-45°C

KOHLER WHOLE HOUSE FILTRATION

AERODYNE™ Central Filtration

1 Premium Material

Imported coconut shell activated carbon, combined with NSF-certified food-grade KDF particles, removes impurities, residual chlorine and heavy metals in the water, providing safe water for you.

KDF Process Media

KDF (Kinetic Degradation Fluxion) process media are high-purity copper and zinc granules that reduce contaminants in water using an oxidation/reduction (redox) reaction, and that reduce heavy metal contamination, chlorine and hydrogen sulfide.

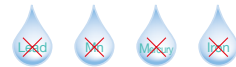

Activated Carbon

Coconut Shell carbon is an excellent filtration media, having high density with a balanced pore structure for efficient absorption.

- Chloramine
- Chlorine Taste & Odor

Heavy Metal

It can reduce over 90% of 77 harmful contaminants

Item	Unit	Test Method	Test Result		Filtration rate (%)	Required Standard
			Public Water	Purified Water		
Iron	mg/L	GB/T 5750.6-2006	1.607	0.125	92.2	≥80
Lead	mg/L	GB/T 5750.6-2006	0.0540	0.0028	94.8	≥80
Mn	mg/L	GB/T 5750.6-2006	0.532	0.003	99.4	≥80
Mercury	mg/L	GB/T 5750.6-2006	0.0093	0.0004	95.7	≥80

Report No.: ASH16-029425-01
 *Ministry of Health (MOH) Sanitary Standard For Hygienic Safety and Function Evaluation on Treatment Devices of Drinking Water. GB/T 5750.6-2006 Inductively coupled plasma mass spectrometry (ICP-MS)

2 Smart

Select your preference for use time, capacity, or mixed mode.
 Monitor dual-dimensional filter information.
 Filter warning and expiration information show clear product use status.
 Holiday Mode, regularly implement regeneration with water to avoid bacterial growth.

3 Simplicity

A simple and durable, tempered glass panel looks like new, even after an extended period.
 Touch buttons are combined with modern technology for elegance and style.

Product Code	K-78436T-PP310-01R	K-78436T-PP306-01R
Product Size (mm)	337(D) x 301(W) x 1117(H)	337(D) x 301(W) x 661(H)
N.W(kg)	28	19
Treatment Capacity	30m ³	18m ³
Flow rate	2.6m ³ /h	2.0m ³ /h
Drain Flow Rate	15L/min	
Rated Voltage / Frequency	AC220V 50HZ	
Rated Power	5W	
Range of Application	Municipal Tap Water	
Working Pressure	0.14MPa-0.35MPa	
Working Temperature	5°C-38°C	
Filter Cartridge	K-79022T-R1-01R	K-79021T-R1-01R
Suitable for	5-member family	3-member family

KOHLER WHOLE HOUSE FILTRATION

LISON™ Central Filtration

1 Innovation

5-Micron ACF from Japan can effectively reduce harmful chemicals and contaminants including lead, chlorine, PFOA/PFOS and pharmaceuticals to ensure your water is clean down to the last drop.

2 Less Maintenance & Less Costly

Long-lasting cartridge reduces time and money spent

3 Compact & Space-Saving Design

Lison Central Filtration has an easy-to-install design that saves you time and headaches. Plus, It can be installed in many places, at point of entry or point of use.

LISON Central Filtration

Treatment Capacity	60m ³	30m ³
Flow rate	1.6m ³ /h	1.2m ³ /h
Range of Application	Municipal Tap Water	
Working Pressure	0.2MPa-0.4MPa	
Working Temperature	4-38℃	
Filter Cartridge	K-21732T-R1-01R	K-21731T-R1-01R
Suitable for	5-member family	3-member family

KOHLER WHOLE HOUSE FILTRATION

AQUIFER™ Filter System

3 Compact & Space Saving Design

Aquifer has an easy-to-install design that saves you time and headaches. Plus, it allows plenty of room beneath the sink for storage and appliances.

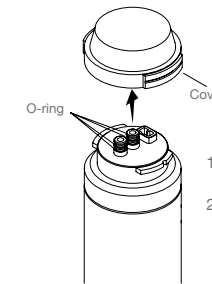

4 Easy Installation

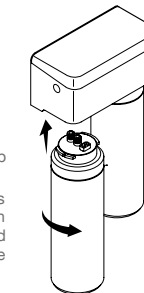

Aquifer filter cartridges can be easily replaced with one hand. DIY, no need to get a professional plumber to do the job

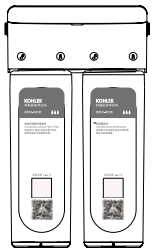

Aquifer filter cartridge can be easily replaced with one hand.

1. Remove and discard the cap from the filter cartridge.
2. Inspect the filter cartridges for damage. Verify that both sets of O-rings are present and are positioned correctly in the grooves.

3. Align the filter cartridge so the label is to the left, and press upward so the filter cartridge key engages into the filter head.
4. Use your hand to rotate the filter cartridge counterclockwise 90° until it stops and is securely engaged into the filter head.
5. Write the installation date on the new filter cartridge labels.

1 Premium Material

A carbon block filter made of ground-up coconut shells and a filter made of hollow fiber membrane.

Carbon block filter: Reduces Chlorine Taste & Odor, Chloramine, Particulate Class I, Lead, Asbestos, Cyst, Mercury, Turbidity, and select Pharmaceuticals.
Hollow fiber membrane filter: Reduces over 95% of perfluorooctanoic acid (PFOA) and perfluorooctane sulfonate (PFOS) in drinking water.

Activated Carbon Particles
Less internal surface area
Lower Absorption capacity
Lower Filtration efficiency

Activated Carbon Fiber
More internal surface area
Higher Absorption capacity
Higher Filtration efficiency

2 High Efficient Filtration

Filtration waterflow: 2L/min, it takes only 5 seconds to get one glass (175ml) of purified water.

2L/Min
High Efficiency

As you use clean water in washing and cooking your food, or making your morning coffee or afternoon tea, its natural taste and flavor is preserved.

SGS Test Report: NBF19-003149-02

Test Item	Units	Standard	Test Result			Sample 1 Filtration Efficiency (%)	Sample 2 Filtration Efficiency (%)	Pass/Fail Criteria
			Inlet Water	Sample 1 Purified Water	Sample 2 Purified Water			
Total coliform	CFU/100ml	GB/T 5750.12-2006	1.7x10 ³	<1	<1	>99.9	>99.9	Not Found

SGS Test Report: NBF19-003149-01

Test Item	Unit	Standard	Test Result			Sample 1 Filtration Efficiency (%)	Sample 2 Filtration Efficiency (%)	Pass/Fail Criteria
			Inlet Water	Sample 1 Purified Water	Sample 2 Purified Water			
Lead	mg/L	GB/T 5750.6-2006	0.1616	<0.0001	<0.0001	>99.9	>99.9	≥80

Note: 1.Filtration efficiency (%)=(Inlet water volume - Outlet water vlume) / Inlet water volume x 100%

AQUIFER Filtration System

Basic Version

Product Code	K-24210T-KT300-01R
Product Size (mm)	178(D) x 89(W) x 309(H)
Treatment Capacity	3000L
Flow rate	2L/Min
Working Pressure	0.1MPa~0.7MPa
Working Temperature	5°C~38 °C
Filter Cartridge	K-24211T-01R
